Dear friend

120
Confirming mine of yesterday have to advise the engagement of Concert Hall for Wednesday Dec. 2nd. We could not obtain in for Tuesday the 1st. I conferred with friend McKim who approves. I also suggested to him that if you desire a conference, relative to the Decade Meeting, you could use my house. I will arrange the parlor for you with all the conveniences of stationery &c. You can meet say Tuesday or Wednesday free from any interruptions from us. He seemed pleased.

Thus, they can still consummate the plan as proposed - viz: leave N.Y. Tuesday morning. I will meet thee at the line & I should be glad to have Tuesday evening socially - say have a few friends of thy selection to meet. Perhaps Rachel Moore - Leonard Myers. If thee approves please name any thee should like to meet & further when thee replies. Please be willing to make any suggestions which will conform with thy comfort or pleasure while with me & they shall be complied with. With continued love thy friend
Please advertise thy lecture. Alfred A. Love
